## THE KICKERS DID NOT MAKE AN APPEARANCE

### Foraker Waited in Vain for the Anti-Dole Men to Materialize—Gehr's Mission to Wash- ington—Cuban Reciprocity.

(MAIL SPECIAL TO THE ADVERTISER.)

WASHINGTON, D. C., Nov. 20.—The expected delegation from Hawaii bound for the big building on the hill in this city to knock out the confirmation of Sanford B. Dole as federal judge has not thus far materialized. The delay already occasioned by waiting for the arrivals is so pronounced, in view of the emphatic telegrams of protest received from Honolulu that there is talk about going ahead and confirming the nomination any way. There is no doubt that the nomination will be confirmed but as a matter of courtesy Senator Foraker thought it advisable to tarry a little in the formal proceedings so that the protestants could have a hearing, either at the Capitol or at the White House.

Some of the murmuring around the Senate, which threatened opposition because, chiefly, of failure to consult certain officials before the appointments were made, has largely subsided. It is conceded on all hands that the confirmation is only a matter of a few days, for the committee on Pacific Islands and Porto Rico will not wait much longer. The nomination has only just been received by Senator Foraker's committee, there having been a little delay in getting it back from the Senate Judiciary committee, where it was first transferred.

#### GEHR'S MISSION.

Mr. Arthur C. Gehr, of Honolulu, arrived here night before last and is quartered at the Oxford Hotel. He was at the Capitol yesterday and talked with Senator Foraker and Senator Cullom. He is rather sore at Governor Dole, as people in the islands are probably aware, but he did not have much to say against him to the Senators in question. The fact that, as federal judge, Mr. Dole might have to pass upon some of his own acts as governor has been raised at the Capitol but it is not regarded as at all serious, for there is always the right of appeal from his decision for defeated litigants.

The object of Mr. Gehr's trip here, of course, is to defeat the award of rights to construct the Kohala Ditch to Col. Sam Parker and others. He has an engagement to meet Secretary of the Interior Hitchcock tomorrow (Saturday, Nov. 21) and expects to get a complete hearing. Mr. Gehr has his maps and the tin case, which he claims was improperly broken into when in the custody of territorial officials, and these he will show to Secretary Hitchcock.

Prince Kuhio is attending diligently to the duties of his office as delegate but says there is almost nothing new to be said from him. The session thus far has been very quiet, with little to command attention outside of the Cuban reciprocity bill. The Prince made an official call upon President Roosevelt earlier in the week and was courteously received.

#### CUBAN RECIPROCITY.

The Cuban reciprocity bill is now before the Senate but it will probably be some days before it becomes law. Two or three days ago it looked as though the Democrats would relinquish their opportunities to debate the measure extensively in the Senate and allow the bill to become law before Thanksgiving but of late the prospects are not so bright. There was at one time a little hitch in the House about the passage of the bill there, which presaged considerable difficulty, but it was skillfully adjusted. There are people who talk about defeating the bill in the Senate, but there is nothing at present to warrant such a conclusion. The bill, as I said in a letter several weeks ago, is sure to become law.

#### IMMIGRATION BILLS.

Labor people here are showing some activity in behalf of immigration bills introduced by Senator Lodge. One of these is the bill included in my last letter. The other is a bill just introduced by Senator Lodge and provides for certain amendments to the existing immigration law. In that law there is a provision that relatives, or "a friend" may send abroad to bring a person to this country. The labor people claim that this enables employers to bring over all the foreign labor they desire and without at all violating the contract labor law. They can persuade one of their own employees to send for a friend across the water and thus bring in hundreds upon hundreds of laborers. However, the bill will make no headway at the present session of Congress. The big transportation companies are watching it carefully. The Knights of Labor have endorsed it but they are only a small organization these days and do not carry much weight in legislative circles.

Following is the Lodge Bill:

A BILL TO AMEND AN ACT ENTITLED "AN ACT TO REGULATE THE IMMIGRATION OF ALIENS INTO THE UNITED STATES," APPROVED MARCH THIRD, NINETEEN HUNDRED AND THREE.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That an Act entitled "An Act to regulate the immigration of aliens into the United States," approved March third, nineteen hundred and three, be, and the same is hereby, amended as follows: In section two, lines eighteen, nineteen, and twenty, strike out after the word "come," in the middle of line eighteen, "unless it is affirmatively and satisfactorily shown that such person does not belong to one of the foregoing excluded classes." In the same section, line twenty-one, at the beginning of the line, strike out the words "persons living in" and insert in lieu thereof the words "citizens of." In the same section and same line, at the end of the word "taken," insert the following: "before the United States consul or consular agent at the port of departure before the sailing of said vessel, and also." In section fourteen, line three, after the word "before," insert the following: "the consul or consular agent as aforesaid, and also before." In section fifteen strike out all of the proviso, being part of line fourteen, and lines fifteen, sixteen, seventeen, eighteen, and nineteen. Also amend the Act wherever the words "Secretary of the Treasury" occurs; strike out those words and insert in lieu thereof the words "Secretary of the Department of Commerce and Labor." The amended sections of the Act to then read as follows:

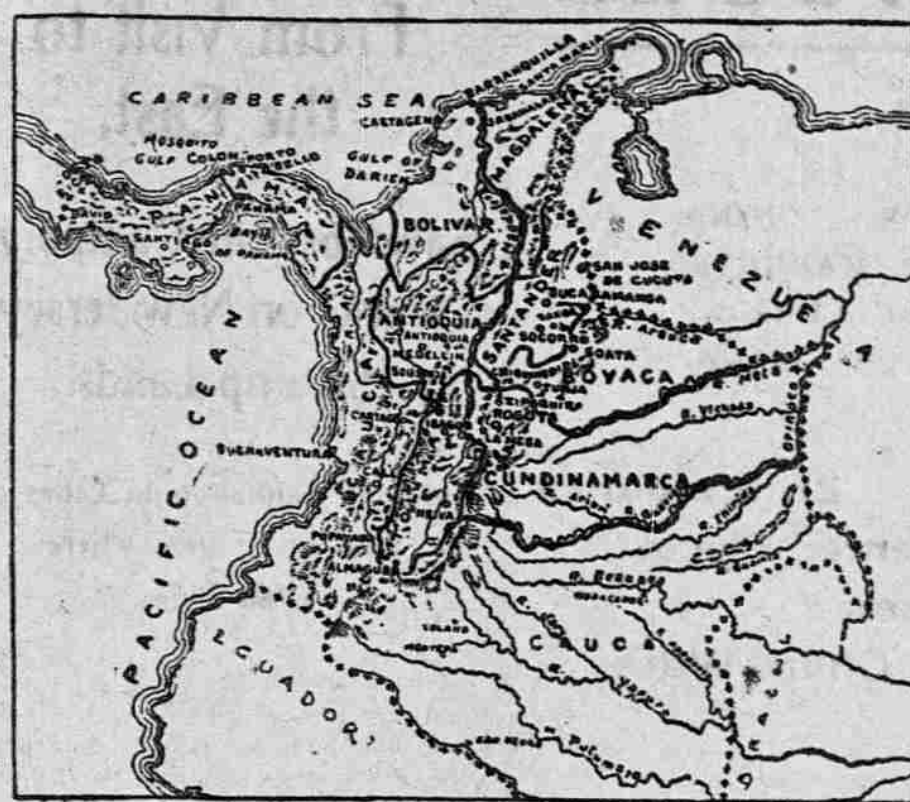

Sec. 2. That the following classes of aliens shall be excluded from admission into the United States: All idiots, insane persons, epileptics, and persons who have been insane within five years previous; persons who have had two or more attacks of insanity at any time previously; paupers; persons likely to become a public charge; professional beggars; persons afflicted with

a loathsome or with a dangerous contagious disease; persons who have been convicted of a felony or other crime or misdemeanor involving moral turpitude; polygamists, anarchists, or persons who believe in or advocate the overthrow by force or violence of the Government of the United States or of all government or of all forms of law, or the assassination of public officials; prostitutes, and persons who procure or attempt to bring in prostitutes or women for the purpose of prostitution; those who have been, within one year from the date of the application for admission to the United States, deported as being under offers, solicitations, promises or agreements to perform labor or service of some kind therein; and also any person whose ticket or passage is paid for with the money of another, or who is assisted by others to come; but this section shall not be held to prevent citizens of the United States from sending for a relative, on satisfactory proof of such relationship, who is not of the foregoing excluded classes: Provided, That nothing in this Act shall exclude persons convicted of an offense purely political, not involving moral turpitude: And provided further, That skilled labor may be imported, if labor of like kind unemployed can not be found in this country: And provided further, That the provisions of this law applicable to contract labor shall not be held to exclude professional actors, artists, lecturers, singers, ministers of any religious denomination, professors for colleges or seminaries, persons belonging to any recognized learned profession, or persons employed strictly as personal or domestic servants.

Sec. 8. That any person, including the master, agent, owner, or consignee of any vessel, who shall bring into or land in the United States, by vessel or otherwise, or who shall attempt, by himself or through another, to bring into or land in the United States, by vessel or otherwise, any alien not lawfully entitled to enter the United States, shall be deemed guilty of a misdemeanor, or, shall, on conviction, be punished by a fine not exceeding one thousand dollars for each and every alien

PANAMA AND COLOMBIA.

This map of the United States of Colombia, with state divisions shown in dotted lines, reveals the isolated position of the State of Panama, which has no natural or geographical connection with the remainder of the republic. In fact, the State of Panama is coextensive with the isthmus and its interests lie mainly in the canal, which would be of far greater benefit to it than to any other part of Colombia.

KIEFF, Russia, Dec. 2.—The University here has been closed because of the disorderly conduct of the students.

LONDON, Dec. 2.—The House of Lords today has decided that women cannot be admitted to practice law in England.

OTTAWA, Canada, Dec. 2.—The University here was burned to the ground today. A priest was probably fatally injured in the casualty.

ST. PETERSBURG, Dec. 2.—The negotiations now progressing between Russia and Japan may result in a Russo-Japanese treaty covering Korea.

WASHINGTON, Dec. 2.—Secretary of State John Hay will receive General Reyes, the representative of the United States of Colombia, tomorrow. Reyes was sent by his government to seek to undo the independence of Panama.

WASHINGTON, Dec. 2.—General Bates who was sent by President Roosevelt to the strike region of Colorado to investigate and report on the necessity for the request made by the Governor of Colorado for United States troops, has reported that the State militia are sufficient to cope with the strikers and the strike situation.

WASHINGTON, D. C., Dec. 2.—The nomination of General Leonard Wood to be Major General in the regular army will not be withdrawn by President Roosevelt, despite the fact that the Senate subcommittee is investigating charges of official misconduct preferred against Wood by Estes Rathbone, the former postal superintendent of Havana, and others.

"Sec. 13. That all aliens arriving by water at the ports of the United States shall be listed in convenient groups, and no one list or manifest shall contain more than thirty names. To each alien or head of a family shall be given a ticket on which shall be written his name, a number or letter designating the list in which his name, and so forth, is contained, and his number on said list, for convenience of identification on arrival. Each list or manifest shall be verified by the signature and the oath or affirmation of the master or commanding officer or the first or second below him in command, taken before the United States consul or consular agent at the port of departure before the sailing of said vessel, and also before an immigration officer at the port of arrival, to the effect that he has caused the surgeon of said vessel sailing therewith to make a physical and oral examination of each of said aliens, and that from the report of said surgeon and from his own investigation he believes that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and

"Sec. 14. That the surgeon of said vessel, sailing therewith shall also sign each of said lists or manifests and make oath or affirmation in like manner before the consul or consular agent as aforesaid, and also before an immigration officer at the port of arrival, stating his professional experience and qualifications as a physician and surgeon, and that he has made a personal examination of each of the said aliens named therein, and that the said list or manifest, according to the best of his knowledge and belief, is full, correct, and true in all particulars relative to the mental and physical condition of said aliens. If no surgeon sails with any vessel bringing aliens the mental and physical examinations and the verifications of the lists or manifests shall be made by some competent surgeon employed by the owners of the said vessel."

"Sec. 16. That upon the receipt by the immigration officers at any port of arrival of the lists or manifests of aliens provided for in sections twelve, thirteen, and fourteen of this Act it shall be the duty of said officers to go or send competent assistants to the vessels to which said lists or manifests refer, and there inspect all such aliens, or said immigration officers may order a temporary removal of such aliens for examination at a designated time and place; but such temporary removal shall
